ESL Warm-up Activity

To kick-start the lesson, begin with a fun and interactive vocabulary game. Create a word bank on the board with autumn-themed words such as "leaves," "pumpkin," "cool weather," "harvest," and "sweater." Ask students to come up one by one to pick a word and use it in a sentence. This activity not only introduces autumn-related vocabulary but also encourages students to think creatively using the newly introduced words, setting an engaging tone for the rest of the lesson.

Main ESL Lesson Activities

Vocabulary Activity: "Harvest Season Scavenger Hunt"

Divide the students into small groups and provide them with a list of autumn-related items to find, such as acorns, different colored leaves, pinecones, etc. Each group then sets out to explore the school grounds (or any designated outdoor area) and collects the items on their list. Upon returning, each group presents their findings using newly learned vocabulary words.

Listening Exercise: "Autumn Soundscapes"

Play recordings of various autumn sounds like rustling leaves, rain falling, wind

blowing through trees, etc. Encourage students to close their eyes and visualize the scenes based on these auditory cues. Afterward, engage them in a class discussion sharing what they pictured and felt during the exercise.

Roleplay: "Autumn Harvest Market"

Assign different roles such as vendor, customer, or farmer to students and have them engage in conversations mimicking a visit to an autumn harvest market. This activity encourages practical language use while exploring specific vocabulary related to buying/selling produce and discussing seasonal activities.

Reading & Writing: "Seasonal Haiku Poetry"

Introduce the concept of haiku poetry and discuss its structure (5 syllables/7 syllables/5 syllables). Then ask students to write their own haikus about autumn using descriptive language covered in previous lessons. After writing, encourage them to share their poems with the class for feedback and discussion.

ESL Homework Assignment

Ask the students to write a short essay describing their favorite autumn activity, using as many new vocabulary words from the lesson as possible. Encourage them to be creative and provide vivid descriptions that capture the essence of the season. Additionally, have them research an autumn tradition or celebration from a different culture and prepare a brief presentation to share with the class in the next session.
