ESL Warm-up Activity

To kick off the Emojis ESL Lesson Plan, start with a "Guess the Emoji" activity. Display a series of emojis related to common expressions or activities and ask

students to guess the meaning. For example, display 🎂 🎈 and have students guess "birthday party." This will not only familiarize them with different emojis but also get them thinking about how these symbols are used to convey messages. It sets an engaging tone for the lesson while incorporating relevant language elements and encouraging active participation.

Main ESL Lesson Activities

Activity 1: Emojis Vocabulary Matching

Start by preparing a set of flashcards with different emojis and their corresponding words (e.g., 😊 = happy, 🍔 = burger). Divide the students into pairs or small groups. Each group receives a set of flashcards and must match the emoji to its correct word. Encourage them to discuss their choices within the group, fostering communication and collaboration while reinforcing vocabulary.

Activity 2: Emojis Storytelling

Provide a sequence of emojis that depict a simple story or situation (e.g., 🌧️ 👧 📚 🏠). Ask students to write or discuss in pairs what they believe the story is based on these emojis. Then, have each pair present their interpretation to the class, promoting both writing skills and speaking practice.

Activity 3: Emoji Role-Play Conversations

Assign each student an emoji that corresponds to a particular emotion or expression. Then, instruct them to engage in short dialogues with classmates using only facial expressions or gestures related to their assigned emoji. This exercise enhances non-verbal communication and encourages creativity within role-play scenarios.

Activity 4: Emoji Sentence Completion

Present incomplete sentences related to daily activities, feelings, or objects with emojis replacing key words (e.g., "I feel 😊 when I see my favorite..."). Students must complete the sentences using vocabulary they have learned during the lesson. This activity promotes reading comprehension as well as sentence construction with appropriate context.

ESL Homework Assignment

Homework Assignment: Emoji Story Writing

Task the students with creating a short story using a sequence of emojis. They should use the emojis to convey the plot and key events of the story. Encourage them to include vocabulary and expressions learned in class, thus reinforcing both writing skills and lesson content.

Homework Assignment: Emoji Vocabulary Search

Instruct students to find five new emojis that they have not encountered before and write down their meanings. They can also create sentences using these emojis to demonstrate their understanding of how they are used in context.

Assigning these homework tasks will reinforce the lesson's content while encouraging students to engage further with emoji-related vocabulary and communication, applying what they have learned outside the classroom.
