## ESL Warm-up Activity

To kick off the Rebecca ESL Lesson Plan, start with a "Speed Vocabulary" game. Write various words related to the lesson on separate cards. Instruct students to form a circle and begin passing the cards around while music plays. When the music stops, the student holding a card must quickly define the word or use it in a sentence before passing another card. This interactive game not only incorporates vocabulary building but also sets an engaging tone for the lesson, encouraging active participation and utilization of language elements relevant to the Rebecca ESL Lesson Plan.

## Main ESL Lesson Activities

### Vocabulary Building Activity: Word Bank Challenge

In this activity, students will be divided into small groups. Each group will be given

a specific topic related to the lesson, and they have to brainstorm and write down as many relevant words as possible within a set time limit. Encourage group discussions and collaboration to enhance vocabulary comprehension.

## **Listening Exercise: Dialogue Comprehension**

Provide students with a dialogue related to the lesson topic. Pair them up and have one student read out the dialogue while the other listens attentively. Then, they will switch roles before engaging in a discussion about what they understood from the dialogue. This exercise promotes active listening and provides opportunities for pair work.

## **Roleplay Activity: Real-life Scenarios**

Divide the class into pairs or small groups and assign them different real-life scenarios related to the lesson content, such as ordering food at a restaurant or conducting a job interview. Students will then act out these scenarios, utilizing language elements learned in the lesson. This hands-on exercise encourages practical application of English language skills.

## **Reading and Writing Task: Vocabulary Story Building**

Ask students to write short stories using all of the new vocabulary words learned in the lesson. After writing their stories, they can share them with their classmates, promoting further discussion on how different vocabulary words were used within various contexts while enhancing reading comprehension and encouraging group interactions.

## **ESL Homework Assignment**

For homework, students are required to create a dialogue using the vocabulary

words learned in class. They should focus on using the words in context and ensure that the dialogue is coherent and relevant to real-life situations. This assignment reinforces the lesson content by encouraging independent application of newly acquired vocabulary and language skills.

## **Conclusion**
