ESL Warm-up Activity

To kick off the Halloween ESL lesson, start with a "Halloween Charades" game. Prepare a list of Halloween-related words or phrases such as "witch," "vampire," "trick or treat," and "haunted house." Divide the class into two teams and have them take turns acting out the words or phrases without speaking while their teammates guess. This activity not only captures students' attention but also incorporates Halloween vocabulary and encourages students to use non-verbal communication to convey the words or phrases. It sets a lively and engaging tone for the lesson while getting students excited about the Halloween theme.

Main ESL Lesson Activities

Vocabulary Activity: Halloween Word Scramble

Divide the class into small groups and provide each group with a list of Halloween-related words that have been scrambled. Instruct the students to work together to unscramble the words and write down the correct spellings. Encourage them to discuss the meanings of the words as they unscramble them. After a set amount of time, review the answers as a class, discussing the meanings and usage of each word.

Listening Activity: Spooky Storytelling

Play a recording or read aloud a spooky Halloween story to the class. Provide students with a list of key words or phrases related to the story beforehand. After listening to or reading the story, have students work in pairs to retell the story using their own words, incorporating as many key words or phrases as possible. This activity encourages listening comprehension and speaking skills while allowing for creativity in retelling the story.

Roleplay Activity: Costume Fashion Show

Ask students to imagine they are attending a Halloween costume party. Have them work in pairs or small groups to create and describe their ideal Halloween costumes using descriptive adjectives and expressions related to clothing and appearance. Then, organize a "costume fashion show" where students take turns presenting their costumes while their peers ask questions about their choices. This activity promotes speaking and descriptive language skills in a fun and imaginative way.

Reading and Writing Activity: Create Your Own Spooky Story

Provide students with prompts such as characters, settings, and plot ideas for creating their own spooky Halloween stories. Encourage them to work individually or in pairs to write their stories using the provided prompts. Once completed, allow time for students to share their stories with their classmates, fostering creativity, reading comprehension, and writing skills through peer interaction and feedback.

ESL Homework Assignment

For homework, students are tasked with creating a Halloween-themed vocabulary collage. They are required to find and cut out pictures from magazines or print them from the internet that represent at least ten Halloween-related words they learned in class. Below each picture, students should write the corresponding word. This

assignment reinforces the vocabulary learned in class and encourages creativity while incorporating visual elements related to the lesson.
